Hi Glyn,

I would just like to say how impressed we are at the British Gaskets Group, on the speed and efficiency in which Yorkshire Packaging installed our new shrink wrap line.

It is all too easy (as we have found in the past) for suppliers to promise the earth, and claim how good their machinery is, only to fail in the end!. Yorkshire packaging not only made the promise a reality, but actually went beyond our expectations.

I would also like to say the service engineers you have are the best I have had to work with, as they are on time, professional and know exactly what is needed.

I have no doubt that this is the beginning of a long and happy supplier/customer relationship.

Yours sincerely

Alan.P.Prior
